ABOUT US

Jayshri Propack is the premier manufacturer and distributor of Barrier Flexible

Packaging. Our team has decades of combined industry experience and we focus our time on offering the most technologically advanced films. Through a combination of complex polymer science and state of the art, proprietary water quenched technology we offer high-performance films.

Customers are requesting complex films with the highest quality. Satisfying them with the right product mix will always be our priority. We focus our resources on producing food packaging.

#### THERMOFORMING FILMS

PRINTED FILMS

LAMINATION ROLL STOCK FILMS

CLEAR VACUUM POUCHES 90% of our business is in the food markets of consumers. We now extrude films in 3, 5, 7, and 9 layers. JPPL is capable of extruding, laminating, processing, and printing all the films we produce. We look forward to making a profit for your company.

Our new production line along with our material structure program provides the ability to produce robust films. The new generation of films under the brand name JAQVA+ Films and NINE+ Films are predominately used for retail product presentation due to their remarkable clarity and transparency.

# Perfect packaging solution for longer shelf life.

Our high-quality engineered films provides reliable barrier for Cheese & Paneer Packaging.

- Excellent printing
- Increased packaging strength & abuse resistance
- Reduced downtime with greater yield per roll

### PACK YOUR FOOD IN ECO-FRIENDLY PACKAGING

#### WE DELIVER A WIDE RANGE OF FLEXIBLE PACKAGING

#### THERMOFORMABLE FILMS

They are ideally suited for ready-made trays as they are lightweight but effective, keeping product freshness while maximizing your cheese's shelf life.

#### LAMINATION ROLL STOCK FILMS

Lamination films can be used to provide high-barrier properties to top web laminates and come ready as conversion form for printing.

#### **CLEAR VACUUM POUCHES**

Our VSP films are a reliable option for quality product presentation due to their outstanding spatial and forming properties.

#### WICKET POUCHES

Our collection of wicketed bags are perfect for storing a different variety of food items. They are easily pulled off when used in various handling and packaging operations.

#### VERTICAL FORM & SEAL FILMS

Our products require deep drawing with thinner gauge films, which includes outstanding forming properties. Ideal for slices and chunks.

#### HERMETIC STORAGE LINERS

Our versatile film collection for VFFS & HFFS machines is able to hold every sliced, grated or crumbled cheese that is delivered in fresh packs.

Presenting wide range of Packaging solutions derived through research.

OUR INNOVATIVE FILMS ARE SUITABLE FOR PERFORATION, ALLOWING FOOD TO STAY FRESH DURING COOKING

### QUALITY ASSURANCE

Quality control is more than just testing the product as it comes off the line, it starts with making smart investments in the latest technology and tools available. At Jayshri Propack, we have very stringent laws on quality control, product safety, and security at every stage, We strive to keep defects, complaints, and impact on the environment to an absolute minimum. Quality management takes place in every step of manufacturing i.e. raw material selection, approval of suppliers, quality testing of incoming materials, production, packing, and distribution. The quality management system is based on the ISO 9000 auditable standards, and ISO 22000 food and safety regulations.

Customer satisfaction always has been the highest priority and it does reflect in all our group companies. We have been able to achieve these goals by continuously improving the cost-effectiveness and performance of all our products and processes while focusing on innovation. Jayshri Propack is able to provide expert service and ideas for packaging to our customers by being.
